WILLIAM D. COCHRAN
of Boone.

County Attorney,
GEORGE W. ADAIR
of Boone.

Sherriff,
GEORGE H. OWENS
of Boone.

Justice of the Peace,
First District—WILLIAM N. HOWE
Second District—JACOB SILEY.

KENTUCKY REPUBLICAN PLATFORM.

Adopted at Louisville, Aug. 19th, 1907.

Resolved, by the Republican party in Convention assembled—

First—That we reaffirm the principles of the Republican party as set forth in the platform adopted by it at St. Louis in 1906.

Second—That we indorse the Republican National and State Administration, and especially commend the action of our present administration in their efforts to suppress mob violence and to preserve the financial credit of the state.

Third—We commend the action of the representatives of the Republican party in the passage of a tariff bill which will raise revenue, stimulate a life industry in almost all branches of the public service, and we demand that the Civil Service Law be modified so as to limit the term of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and give to every section of the country its proper proportion of them.

Fourth—We are opposed to a system of Civil Service that builds up an official class with practically a life tenure in almost all branches of the public service, and we demand that the Civil Service Law be modified so as to limit the term of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and give to every section of the country its proper proportion of them.

Fifth—We heartily sympathize with the struggling people of Cuba in their efforts to secure liberty and independence.

Sixth—That we recommend to the people the adoption of the Constitution amendment submitted by the late Legislature, allowing all cities and towns the privilege of regulating their own affairs, and we demand that the method of levying the taxes they impose on themselves for city and town expenses.

Seventh—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary to accomplish said result, an amendment to the Constitution permitting such legislation.

Eighth—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary to accomplish said result, an amendment to the Constitution permitting such legislation.

Ninth—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary to accomplish said result, an amendment to the Constitution permitting such legislation.

Tenth—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary to accomplish said result, an amendment to the Constitution permitting such legislation.

Therefore THE LEADER favors the rigid enforcement of the Civil Service Law.

The Frankfort Capital seems to be having a whole lot of fun all by its lonely self.

The Frankfort Capital very pertinently and truly says the Revenue and Taxation chapters in the Constitution and Statutes were written by demagogues to catch the votes of Populists, Socialists and Anarchists, and the Statute violated the Constitution in its mad effort to put a penalty on successful industry and enterprise, and to brand every man with thrift enough to accumulate a competence as an enemy of the "poor man."

Frank Owens Hardware Co. is headquarters for Loaded Shell and all kinds of hunting Ammunition.

Miss Basia Ruth Hawk, daughter of Mr. and Mrs. John Hawk of near Elletts, O. died of lung trouble, aged 30 years.

Within a month South Dakota has marketed 2,000,000 pounds of wool at an advance of 10 cents per pound over the price which prevailed last year.

Mr. John C. Adamson says the Frank Owens Hardware Co. yesterday had the largest cash sales of any day for three years past. Times are getting better, boys.

WEEKLY CROP REPORT!

PERSPECTS THROUGHOUT THE STATE OF KENTUCKY.

GENERAL REVIEW.

Rain is needed everywhere. Only scattered showers, which, as a rule, were very light, occurred during the past seven days. As a result the reports from nine-tenths of our correspondents are discouraging in tone. Reference to the beneficial effects of the rains which fell on the 23d is frequently found among this week's reports. It also develops that considerable damage to corn and to tobacco, especially the latter, was caused by hail which attended severe thunderstorms on this date in several localities. Light showers fell in a number of Northern and Central counties on the 23d and 24th, but over the greater portion of the state dry weather prevailed throughout the week.

In the Western section drought is again as serious as it was prior to the showers on the 23d. Indeed, it is being confined to the counties comprising the Green river basin. It has spread to such proportions that the entire Western section, which includes all the counties West of Hardin, Hart and Barren, is now seriously affected. Showers of a general character would do much good in the Central section, where some counties have been slighted for some time past in the local distribution of rainfall. As a rule crops are not suffering for rain in the Eastern section, though showers might improve tobacco in some localities and late corn generally.

The temperature was slightly below normal during the first half of the week. The nights were especially cool. This delayed the ripening of corn and garden truck. During the latter part of the week the temperature rose rapidly, the average maximum for Sunday over the entire state being 99 degrees. It equaled or exceeded 100 degrees at a number of stations in the Western section both Saturday and Sunday. As the soil had long been dry this excessive heat baked it so hard that plowing for winter wheat had to be suspended wherever it was commenced. But very little farming has been done, considering the advanced stage of the season. The tobacco prospect is very discouraging. Every frost would cause damage untold.

WESTERN SECTION.

Farmers in this section have not given up all hope of realizing profit on any of their products except wheat, which has long since been threshed and laid away or sold. Practically no rain has fallen since the 23d. The rainfall for the section averaged only 40 of an inch. In some few localities the deficiency is not so great, yet out of sixty more reports not one can be found which does not admit that immediate rains are essential to the advancement of crops.

In the district surrounding Ohio and Grayson counties, where drought has prevailed for three months, correspondents say tobacco is a complete failure. There will be no first-class tobacco, and what they may be able to save, which will hardly exceed one-third the average crop, will be very inferior in quality. Correspondents seem to agree upon only one half the usual yield of the dark tobacco. Most of it is being baled.

Though cutting is in progress in some localities, yet much of the late planted is in danger of death by frost. All the tobacco in a certain tract one by eight miles square in Christian county was so badly damaged by hail on the 23d that some growers have plowed their fields. Corn is also in generally poor condition. It is turning rapidly, and in some places is ready for the knife. Rain cannot now improve it much. Half of a good year's crop is all that can be saved. The ground is baked so hard that no following has been done. Apples are ripening prematurely and falling fast. Water is so scarce that stock have to be driven some distance to creeks or rivers.

CENTRAL SECTION.

In this section there is less general complaint of dry weather. Yet the improvement in corn and tobacco is very slight. Large quantities of tobacco in Kenton, Campbell, Pendleton, Bracken, Mason, Fleming, Menifee and Rowan counties were damaged by hail on the 23d. The correspondent in Kenton county says "the hail fell in a mass and covered the ground with a sheet of ice."

The general complaint in the Burley tobacco district is the uneven growth of the crop. It is spotted and not spreading as it should. The knife is being applied to the early planted. Corn comes out very irregular in growth. Some fields are in excellent condition, while others are going backward from want of

moisture. The late crop is especially in need of rain. Pastures are very low except in certain localities, and stock water is getting scarce. Flowing has been suspended and no more can be done until general rains come. Irish potatoes, which are being dug, show up poorly, and will hardly be half a crop. An excellent crop of clover seed has been saved. Apples continue to fall.

EASTERN SECTION.

Rain would improve most crops in this section, yet correspondents do not complain much of the lack of moisture. In fact, some say they have had abundance of rain. Except where damage to tobacco was caused by hail, which in Hawan county stripped corn and wheat to the ground, all crops are in very fair condition. Tobacco is at its best in the counties bordering upon the Ohio. Corn is also in good condition and prospects are favorable for the average yield. Millet is being cut and is in average crop. Flowing is progressing. Pastures are yet green and gardens in good condition.

To Cure Constipation Forever, Take Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Floating factories for the preparation of all kinds of tinned fish are to be established in Sweden.

Germany buys from abroad between one fourth and one third of the total quantity of lumber used in that country.

Advices from Tokyo say that Japan is about to place an order with America for the rails and material required for 1,200 miles of railroad.

A shipment of American tinplate was recently made to Central America, which it is thought may be followed by further trade in that quarter.

The frog industry is growing. A statistician estimates fifty-seven frogs in various parts in successful operation in various parts of the country.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless loss of urine out of the bladder.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder trouble. So the worm, like the bladder, was created for one purpose, and if not destroyed too much it is not liable to waste or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifest in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or nervous trouble of some sort. The error is easily made and may be as easily avoided.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

FELL IN WITH THIEVES.

Louisville, Ky., Sept. 3.—Louisville a pair of this city who recently came into a fortune through the death of his father, was robbed of \$5,000 in cash and negotiable bonds in an East End saloon Wednesday night, but owing to the inexperience of the thieves they were reapportioned with nearly all the plunder in their possession.

Wolf started out Tuesday night with \$5,000 in cash and \$5,000 in bonds in his pocket. He fell in with several rowdies. They reached a saloon in a quiet neighborhood, where Wolf was invited to sit as he entered the saloon he was seized from behind, and while one man held him the others searched his pockets. They reported the matter to the police. The thieves had meantime proceeded to get drinks on the grounds, and all the money except about \$100 was recovered.

LAGGED THE TRAIN.

And Kinged With Winesap's Sister to the Sister Sister.

Richmond, Ky., Sept. 3.—Henry J. Colson, nephew of Congressman H. J. Colson of Middleburg, was married here Wednesday by Judge Arthur H. Foster, who was officiating in the name of the bride's father, the late Mrs. Lizzie Foster, the widow of the late Robert Foster, of Jolly Ridge.

For some time the couple have been sweethearts, but the girl's parents were opposed to the match. Wednesday Miss Foster slipped away from home, joined her lover, who was at work in a field near the railroad, and without waiting for him to get his coat they flagged the noon train with a handkerchief and came here, where they were made out.

The groom, who was married in his shirt sleeves and patched pants, owns a 500-acre farm and is one of the most substantial young farmers in the county.

BALLARD HAYNES.

Shed His Brother to the Heart and Throat.

Paris, Ky., Sept. 3.—Ballard Haynes stabbed his brother, Harry Haynes, to death near Murray, Calloway county, Wednesday afternoon. Miss Foster slipped away from home, joined her lover, who was at work in a field near the railroad, and without waiting for him to get his coat they flagged the noon train with a handkerchief and came here, where they were made out.

Both were intoxicated, and when Ballard Haynes attacked his brother the theft had words passed, and the former drew his knife and stabbed the latter in the heart. The victim lived only a few minutes. The number of one-made his escape into the woods and has not been captured, although a search is being made for him.

It is thought he will not be caught by Judge Lynch.

The Chicago Sanitary Commission.

Louisville, Sept. 3.—The identity of the girl who succumbed in the Victoria hotel at Chicago, has been established. She appears to have had several alibis, but the police are not satisfied.

She was a Louisville girl, and was engaged to marry Charles Turner, who was an infidel. Her parents being wealthy, they refused to permit the marriage and she left her home. Little is known of her movements since then.

Her grandfather, Mr. Stephen Dickman, has gone to Chicago to bring home the remains.

His Murderer This Time.

Owensboro, Ky., Sept. 3.—Jeb Cummings, who was shot by Darius Sexton, near Salt Lake, this county, last Saturday one week ago, after a long and terrible agony, died.

His Laura Trombo was also shot and killed by Sexton in the same fight. It has since been learned that Cummings was shot in the back of a fleet horse, was also seriously shot and wounded by Cummings. He has been in a hospital since then, and having sold his horse, has disappeared.

Unnatural Mothers.

Hopewell, Ky., Sept. 3.—The mother of a child, who attempted to smother her child in Green county, to starve their infants reached here. Mrs. Anna Graham saw two women lay their babies in a fence corner on the roadside and leave them. After the women had disappeared Mrs. Graham went and got the infants and took them to her home, she then notified the county judge of Green county, and he sent the little ones to the orphanage. The unnatural mothers have been arrested.

King Baldwin Holds Out.

Lexington, Ky., Sept. 3.—Col. W. W. Baldwin, the "turquoise king," refuses to sell his rights in the eight and one-half miles of the Mayfield road lying in Fayette county. The court had a conference with Baldwin Wednesday morning, during which he would not consider an offer of \$15,000. Other stockholders in the road are said to be anxious to sell the road at the county price, and unless they force Col. Baldwin to sell it is most likely that the court will condemn the road.

Returned to Citizenship.

Frankfort, Ky., Sept. 3.—The governor has restored to citizenship a man who had been banished for 17 years. He is Sam Smith, who has been sent to the penitentiary from Boyle county in 1870 and had been out of prison and a good citizen for a number of years. The governor received a strong plea for pardon of John Dugan, sent from Pulaski county, who had been banished.

In a Beecher's Month.

Owensboro, Ky., Sept. 3.—Thomas Leach, a druggist of Horse Branch, Ky., about 10 miles from Owensboro, on his way to church Sunday night stepped in a rut and fell, sucking his hand in a copperhead snake's mouth. He will die as a result.

Dr. P. G. SMOOT,

General Practitioner of Medicine. Special attention given diseases of EYE, EAR, NOSE, THROAT.

Office Hours—10 a.m. to 5 p.m. Office No. 5 West Third street. Telephone No. 11.

LOUIS L. ANDRAN, D.D. OFFICE.

No. 41 West Ninth street. He will be at the Central Hotel on Thursday, Sept. 30, at 10 o'clock. First Thursday in each month. Classes of students of the University of Louisville.

ANNOUNCEMENTS.

DISTRICT AND COUNTY OFFICERS.

FOR CIRCUIT JUDGE.

Hon. WILLIAM G. DEANING of Fleming county is the Republican candidate for Circuit Judge of the Northern District, to be voted for on Tuesday, November 5, 1907.

MUNICIPAL OFFICERS.
